### Report on World Environment Day Celebration

Panimalar Engineering College, along with the volunteers of the Institution’s Innovation Council (IIC), conducted a one-day celebration in view of World Environment Day on 05-06-2023 in order to promote innovation in the Institution through multitudinous modes, leading to an innovation promotion eco-system on campus during World Environment Day celebrations. Students of different departments participated enthusiastically and put forward their best efforts to make this event a successful one. Dr. Sozharajan Ogalur, M. Phil, Ph.D, who is a social innovator and philanthropist graced the occasion as the chief guest of the event.

The day commenced with Tamizh Thai Vazhthu and was crowned by the presence of the chief guest, Dr. Sozharajan Ogalur, M. Phil., Ph.D., a social innovator and philanthropist. Dr. A. Alvin Kalicharan welcomed the gatherings, who were subsequently introduced to a speech and pledge by IIC student volunteers.

The session was handed over to the Chief Guest, who acknowledged the life-threatening climatic conditions prevailing in Tamil Nadu making use of statistical data and proposed a few feasible approaches to all of the issues at hand at once. He encouraged and instructed all of the students to go green through his eloquence. The students proceeded to perform a mime and a skit demonstrating the consequences of humans' harmful attitude toward Mother Nature, who has consistently supplied the earth with Goods alone. This was promptly followed by certificate distribution preceding the National Anthem.
