### IV Year Industrial Visit

#### Objective of the Visit

Hospital visit was carried out at Panimalar Medical College Hospital & Research Institute on 01<sup>st</sup> September 2023 for 7 Semester CSBS students. The objective of this visit is to bridge the widening gap between theoretical learning and practical exposure by giving students first-hand exposure to identify the inputs and outputs of different processes and practices performed at the hospitals. During this semester, final year students are studying Hospital Management as a part of the curriculum. This visit helps students to enhance their knowledge and know the functionality of various departments in the Hospital.

#### Target Participants: IV Year

### III Year Industrial Visit

#### Objective of the Visit

- It focuses on innovation and sustainability, aiming to enhance its product offerings and operational efficiency.
- To play a vital role in the automotive supply chain, contributing to the growth and development of the industry

#### Target Participants: III CSBS
