

THE PLACEMENT COMMITTEE

The Placement Committee takes the lead in campus recruitment, establishing links between students and corporate opportunities. Their primary objective is to support students in securing placements in roles that align with their preferences through collaboration with industries. In addressing the gap between students and the corporate world, the committee focuses on fostering holistic development, incorporating Pre - Placement initiatives. To enhance this process, they organize a wide range of events and interactions that promote discussions on placement experiences and the subsequent journey of personal and professional development

SUCCESS SESSIONS

Senior students provide insights into their interview experiences to juniors and providing necessary training to be successful for upcoming placement opportunities

SOFT SKILLS

Corporate leaders from diverse sectors offer training sessions to develop skills in areas such as group discussions, resume building, and case preparation

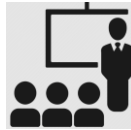

ASSESSMENTS

Design programs aimed at identifying skill gaps and assessing the suitability and career prospects of candidates.

APTITUDE TRAINING

The program for building aptitude aims to improve students' capacity to approach tests focusing on topics such as Verbal Ability (VA), Quantitative Aptitude (QA), Logical Reasoning (LR), and Data Interpretation (DI)

CORPORATE LECTURE SERIES

Distinguished guest lecturers are welcomed to provide students with insights into authentic corporate experiences

VERSANT TEST

Versant tests are administered to assess students' proficiency in speaking, writing, listening, or reading abilities
